HEALTHY WINE OF CARDU for Weak Nerves.

The rains have let up a little at last.

The Friendly will be here again on Friday.

The rains have not injured the "mortgage" crop.

Kennon & Ford's fine turnouts are in great demand.

Saturday was rather an "off day" in the way of people in town.

River falling again, but still more water than there is any use for.

We are sorry to know that our valued friend E. Singer is quite sick.

Capt. Dick Terry is improving his Walnut street property very handsomely.

The Penn Mutual has \$166 of well-secured assets for every \$100 of liabilities.

Watermelons and peaches have lost their sweetness on account of too much rain.

The full, uneasy feeling in the stomach after a too hearty meal will be relieved by a dose of Cascarene.

The thermometer in our office broke the record on Monday and ran up to 94°.

Mr. Bill Mesquite and his numerous and extravagant family are now doing Jefferson.

A man with nothing to do now can amuse himself by abusing the mosquitoes and hot weather.

Bob Briggs, who has been the weather prophet here for forty-five years, has resigned in disgust.

BLACK-DRAUGHT tea cures Constipation.

What about the new opera-house? It is needed badly. Mayor Davis should put the matter forward at once!

Miss Alice Miles, of Atlanta, is spending some time at her old home, the guest of Miss Ella Singleton.

Dyspepsia is one of the most unpleasant diseases. A teaspoonful of Cascarene after each meal will cure the worst cases.

See the law card of Armistead, Lockett & Armistead in this issue. This is an able, reliable and working firm.

Many residences and business houses in our city are now being handsomely dressed up in the very latest fashion.

Dr. O. B. Park has done nothing since Friday but brag about that glorious dinner at Taylor Grange on that day.

Some of the colored base-ball boys say, "Dat ef da is rested fur playing bawl on de street da is guine in peal de supreme court, fur the lyer sed da cud!"

There is no disease more prevalent among the fair sex than constipation. Cascarene is the sovereign remedy for this disorder.

Miss Nettie Taylor and Master Ross Taylor, daughter and son of Hon. H. L. Taylor, of Yazoo county, Miss., arrived on Friday on a visit to relatives here.

WINE OF CARDU, a Tonic for Women.

The only local we could hear of on Polk street yesterday was that Col. Dobbins' cat had given birth to six kittens. Wonder if it will change the price of beef?

Contracts have been made by the Lone Star Iron Company for the shipment of one hundred and twenty-five car loads of machinery from Pittsburg, Pa., to Jefferson.

THE TAX RAISE.
The Commissioners' Court, as a Board of Equalization, last week raised the valuations of property in the county \$267,000, and the voluntary raises run the amount to over \$300,000.
A good deal of dissatisfaction was at first expressed, but on fully considering the matter all are now satisfied that the Court was right. For a number of years property, (especially city property) has been rendered at almost next to nothing, because there was no sale for it, and nothing on which to base values. Now that there is a fair prospect for better times, it is but just and right that values be raised.
It will have a good effect, and the advantage realized will far more than pay back the small amount of increased taxes to each individual citizen.
As for us, we say to the Court: "Well done good and faithful servants!"

As there is a large crop of sorghum and other sugar canes raised in Marion county, and as the price of sugar is always high, would it not be a good move to secure a sugar mill and manufacture our own sugar, thereby saving tens of thousands of dollars to our citizens in the way of freights, commissions, etc., also, at the same time, to make a home market for one of the surest crops the farmers can plant. Organize a company and build a sugar mill. There is big money in it for the manufacturer of the sugar as well as to the farmers who raise the cane!

Now's Your Time
To get something to wear for almost nothing. W. B. Sims, of the famous Globe Clothing Store, is closing out his large stock for whatever it will bring to make room. Don't miss the opportunity for you won't get such a chance again soon.

Ice Water!
Park & Connery have put up that big cooler again, and are now furnishing their customers and the balance of mankind with cold ice water. They deserve a unanimous vote of thanks!

The reason that Jefferson has not been so prosperous as some other Texas cities, is because it has so few bald-headed men. Give us a few more bald-heads, and then everything here will june!

Adolph Eberstadt is interviewing the head people this week in the interest of the splendid Insurance Company he represents. Every man should secure a policy for the benefit of his family.

Ripinski is not afraid of the rains, chances for cotton worms or anything else, but continues to give unheard of bargains in every description of Dry Goods, Notions, etc. Go and see him!

Adolph Eberstadt is special agent for Penn Mutual Life Insurance Company, of Philadelphia, one of the oldest and strongest companies in the United States. Its dividends are unsurpassed.

WINE OF CARDU for female diseases.
Ben Herring is in town after an absence of ten or a dozen years, during most of which time he has been a citizen of Waco. Ben looks natural, and thinks he will locate with us again.

The richest and poorest, the oldest and youngest, the proudest and humblest, the largest and smallest, all use Cheatham's Chill Tonic. Guaranteed. Sold by Park & Connery.

Every other man we meet now wants to know if the weather ain't hot! Of course it is hot! But we want it distinctly understood that we are not a traveling thermometer!

No family is safe without a bottle of Cascarene in the house. As a preventive of disease it can't be beat.

The steamer Friendly came in just at 12 o'clock Friday night, discharged a pretty good freight and left again at daylight Saturday morning. Capt. Ben whoops her up!

Try BLACK-DRAUGHT tea for Dyspepsia.

We had the pleasure of meeting our kinsman, A. S. Taylor, Esq., of Longview, last week. Though so near each other many years have elapsed since we saw him last.

Chronic grumblers never grumble about Cheatham's Chill Tonic. It is even better than recommended, and guaranteed to cure. Sold by Park & Connery.

Jefferson was ably represented at Dallas on the 11th by Messrs. J. H. Bemis, A. D. Clark, D. E. Boice and G. W. Brown, our extensive lumber manufacturers.

Take Cascarene for habitual constipation. It is guaranteed to cure. Price 50c. and \$1.

We have just found out why Ripinski's is the coolest store in town. His prices are so low that it keeps the thermometer down!

For the information of butchers and dealers in cattle generally we publish the following: "Under the new law passed by the 21st Legislature, with reference to the slaughter of stock, every person before he shall set up and carry on the trade of a butcher or slaughterer in Texas shall file a bond, to be approved by the county judge, in a sum not less than \$500, conditioned that he will keep a true record of all cattle purchased, or slaughtered, with a description of the animals, marks, brands, age, weight and from whom purchased, with date; that he will have the hide and ears of each animal inspected within five days after it is slaughtered, and that he will not purchase cattle that have been slaughtered by another unless the hide and ears accompany the meat. The penalty of failing to give bond is a fine of no less than fifty nor more than one hundred dollars for each day he shall carry on such business, and also a penalty of not less than twenty-five nor more than two hundred dollars for each day he shall fail to keep the record provided for.

In the Justice's Court last Thursday some fifteen or eighteen young colored boys were arraigned for disturbing the peace while playing base-ball. Justice Graham (and we think most wisely) after hearing some evidence discharged them all, with the understanding that they must not play on the streets where their noise would disturb people. If they did he would fine them to the extent of the law.
Those who wish to play ball should secure grounds where the noise would disturb nobody.

Two temperance gentlemen accidentally met in one of our saloons the other day, when one of them excused himself to the other by saying "he had not slept an hour for several nights on account of rheumatic pains," and the other said "he was very nervous from a severe attack of the cholera morbus!" "That story is too thin," whispered the bar-tender to a friend, as they left the saloon.

Great Demand.
OAKLAND CITY, IND., Sept. 27, 1886.
C. C. C. "Certain Chill Cure" is meeting with greater demand than ever at present. I have been selling it on a guarantee to break chills, with privilege, in case of failure, of customer returning for money, with happy results so far, not a bottle having been returned. Yours truly,
IRA LUTES, Druggist.
Sold by Park & Connery.

If we were emperor or dictator we would have Will Sims, of the Globe Clothing Store, beheaded at once. It's a perfect shame the way he is sacrificing his shirts, coats, pants, hats, etc. Don't take our word for it, but go and get some of the chicken pie which he is dispensing to everybody, great and small. All competition in his line has absconded!

TRY OUR CUBAN HAND MADE 5, 10 and 15c. Cigars NIGHART & KITCHEN.

A fifty pound watermelon gladdened our palate last week, and it is hardly necessary to say that it was from our clever farmer friend N. W. Caple. He always has the best and largest. He is among the very best farmers and citizens in all this part of the country.

Cheatham's Chill Tonic, aside from being the best in the world, is an excellent tonic for enfeebled persons, does not nauseate, enriches the blood and makes you feel like a new person. Try it. Sold by Park & Connery.

The fat men of this city are not now throwing out any challenges for wrestling, foot-races, etc., on account of the inclemency of the weather. They are now resting on their muscle with fan in hand and a bucket of ice water close at hand.

The merits of Cascarene are proven by its rapidly increasing sales and the popularity it has attained as a liver medicine.

The Longview Dramatic Club give a fine entertainment at the Opera-house on Thursday evening last, for the benefit of Mechanics Fire Company. It was largely attended and enjoyed, and a handsome sum realized.

JEFFERSON AT THE HEAD.

The Shreveport Daily Caucasian says of the new arrangement made by the Jefferson Steamboat Company with the Red River and Coast Line:

The contract and all details have been fixed now between Jefferson and the Red River and Coast Line for the steamers to run through to Shreveport. This makes Jefferson the head of navigation for the largest steamboat line, perhaps in the United States and gives Jefferson prestige over any inland city in the State, Dallas and Fort Worth not excepted.

Freight rates have been agreed upon which are about two-thirds less than the railroad rates.
The same paper also furnishes the following, which shows that lively times are ahead:
The Texas and Pacific Railroad Company will run its own boats. The famous Howards, of Jeffersonville, Ind., are constructing for the company two first-class light draft steamers and four fine barges. Under the general management of Capt. Matt Scovel, with headquarters at Shreveport. These vessels will ply between this city and Alexandria, also making trips as low down Red River as Ware's Landing. Through bills will be given to New Orleans, the railroad transporting the freight from Alexandria to New Orleans.

It is supposed the new line will be put in operation in September, and the competition resulting will doubtless make cheap freights for the cotton planters and merchants of a very important section of the State.

What the late T. S. Arthur said:
Dr. Starkey & Palen:
Your Compound Oxygen Treatment added seven years to my working powers.

A Scrap of Paper Saves Her Life.
It was just an ordinary scrap of wrapping paper, but it saved her life. "She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, Druggist, Fort Smith. Trial Bottles of this wonderful Discovery Free at J. F. Crow Drug Store.

The health of Jefferson at the present time is good, but we fear it will not continue so unless there is a little cleaning up done around residences and business houses.

Advice to Mothers.
Mrs. Wrenner's Sonnette should always be used in the treatment of children. It is a little book, containing a full and complete course of instruction in the treatment of children. It is very pleasant to read, and is the best remedy for children. It is sold by Park & Connery.

Stray Stock.
Parties having horses or cattle strayed may learn their whereabouts by giving accurate descriptions and addressing postoffice box 554, Marshall, Texas.

The warmest weather of the season so far was on Friday, the 12th, when the thermometer reached 92° in the shade.

When the child is fretful its little stomach is not in proper condition, but a few doses of Cascarene will set it right, and no ill effects will be noticed.
